Learning Opportunity

In preparation for the integration of written response questions for the 2018-2019 Math 30-1 and Math 30-2 Diploma Exams, Provincial Assessment will be holding sessions in various locations across Alberta in May 2017. The purpose of these sessions will be to provide Math teachers with an opportunity to:

- view sample Math 30-1 and 30-2 written-response questions and scoring guides and provide feedback
- discuss and provide feedback on the Math 30-1 and 30-2 diploma exam design with integrated written responses

This learning opportunity is being provided through a grant from Alberta Education.
